Why Invest in Private Markets?

Power Growth, Create Value

Investing in private assets offers investors greater diversification and the potential for enhanced long-term performance. There's nothing "alternative" about being a leading alternative investment platform. With PriMarkA, investors can now access and participate in the \$14T+ private markets—city of opportunities, and home to the private companies shaping the future.

Designed for Institutions. Built for Results.

Asset Owners

Turning Data into Insights.

Every year, Limited Partner investments landscape are becoming more complex. To stay ahead, firms must streamline operations that are flexible, efficient, and transparent across these diverse private assets – portfolio managers, private clients, family offices, analysts, and leadership teams. All require deeper operational insight and stronger support.

At PriMarkA we are the answer. Our institutional-grade Agentic AI platform reduces operational risk and gives you total oversight of your private investments.

Alternative Asset Managers

Run the Business. Not the Software.

Growth is essential, yet it can quickly become difficult to manage amid rising regulatory requirements and increasingly complex fee structures.

PriMarkA's digitized, end-to-end private investment journey brings scalability to private-fund distribution. Our purpose-built agentic infrastructure streamlines workflows, reduces operational burden, and enhances oversight across the entire organization.

Asset Servicers

Streamlining your Operations.

We empower asset servicers to scale their business with smarter decisions, faster workflows, and intelligent automation.

Whether you are a depository, custodian, transfer agent, or an advisor, our platform ensures your operations remain lean, transparent, and highly efficient without compromising profitability.

Our Platform features

Alternative investments shouldn't require alternative infrastructure. While private markets grow, most platforms aren't built to keep pace. PriMarkA delivers full transparency, visibility, accessibility and control across your private investment journey.

Manage your private investments with intelligent, unified data architecture—one platform with total efficiency, full confidence, built to scale across the lifecycle.:

Hero Section

Headline: A One-Stop Private Markets Platform, Built to Scale With Intelligence

Subheadline: A unified platform for a better private capital, that connects intelligently institutional investors, asset managers, asset owners and asset servicers.

The Magnus Platform modernizes the investor journey with a single operating model that drives seamless, end-to-end workflows. By offering flexible access points on a unified platform, we eliminate manual bottlenecks and help you scale your operations to drive strategic growth.

Built for and by the leading financial reasoning model.

Our unified platform helps leading financial institutions across banking, insurance, asset management. Designed and trained by the most sophisticated bankers, investors, and AI researchers, with sources, to accelerate firm productivity, automate workflows, and unify financial data at scale with one secure platform.

Capital engine powering your growth.

Delivering speed, exclusivity, and confidence, Magnus gives investors streamlined access to secondary investment opportunities across private markets, spanning both equity and credit secondaries.

Digital investor onboarding.

Magnus digitizes the entire investment journey on a single and unified platform. Onboard investors seamlessly with intelligent, automated workflows that capture data once at entry.

End-to-end digitisation.

Our technology digitizes the entire alternative funds end-to-end lifecycle such as private market funds. Streamlining everything from onboarding, KYC, and regulatory compliance to

subscriptions, capital calls, distributions, and investor reporting, we provide a unified infrastructure that eliminates operational friction at every stage.

Seamless global distribution.

Leverage our partners' infrastructure strength and global distribution network to supercharge your fund's growth and gain a competitive edge in private markets—unlocking new investor segments and jurisdictions.

AI-powered workflows.

Deploy AI-powered associates that convert natural-language instructions into end-to-end workflow execution. An intelligent orchestration layer manages repetitive administrative tasks so your team can concentrate on strategic, high-impact investment decisions.

Portfolio monitoring.

A purpose-built workspace offering investors instant access to accurate, comprehensive 360° portfolio performance data. Empowering investors with interactive dashboards and deep analytical insights for real-time visibility across their entire investment footprint—all delivered in one seamless, connected experience.

Automated transactions.

Provide investors with real-time visibility into their investment activity with accurate transaction data. Automate capital calls and distributions.

API First, seamless integrations

Integrated platform that connects effortlessly with your existing tech stack, ensuring real-time data synchronisation. Eliminate manual data re-entry by automating investor and transaction flow data.

Intelligent due diligence.

Automate KYC/AML processes with intelligent regulatory workflows that verify investor identities and manage and mitigate risk. A built-in audit trail ensures full transparency for reporting and compliance reviews, empowering you to make informed business decisions.

Intelligent document management.

Centralise, share, and e-sign critical investment materials and agreements securely. Control access, leverage pre-populated data, and ensure compliance for streamlined workflows.

4. ABOUT PAGE

Page Title: Our Company

About US: Opening the doors to the private market

Digitize. Transparent. Accessible. Grow

PriMarkA is an intelligence-native investment manager and technology platform of its kind—offering end-to-end private capital solutions for any business at any stage. Transforming how private capital is serviced and distributed, and helping alternative investment managers achieve greater speed, control, and scalable performance.

Our Mission

To be the unified platform for a better private capital

The company's mission is to bring transparency, visibility, and broad accessibility to private asset investing — delivering an institutional-grade experience with the speed and reliability of modern infrastructure.

With PriMarkA's unified investment platform, companies, institutions, and individual investors gain a seamless, fully digital investment journey that helps secure their future. We strive to automate onboarding, portfolio oversight, payments, custody, and reporting from end-to-end.

Our Vision

Digital-first engine of global private capital

Grounded in today's market, we're building the Future of Private Investment technology infrastructure and offering convenient access to investment opportunities all in One Place.

Through digitized alternative-asset and fund capabilities, we advance frontier markets to provide liquidity, efficiency, and compliance, establishing a global network that seamlessly connects participants and catalyses their growth.

A culture of innovation

Solving complex challenges requires real intelligence. PriMarkA is built by people's imagination, that embraces innovation and creates trust and growth for all our clients in everything they do.
